GENERAL TERMS AND CONDITIONS

This Agreement is subject to the following provisions:

1. **DEFINITIONS:** The terms "Contract" means the instrument of contracting, such as "Purchase Order" (PO), "Subcontract", or other such type designation, including these General Provisions, all referenced documents, exhibits and attachments. If these terms and conditions are incorporated into an "agreement" that provides for releases, (in the form of an Order or other such document issued hereunder) the term "Contract" shall also mean the release document for the Work to be performed.
2. **ACCEPTANCE OF AGREEMENT:** This Agreement is Buyer's offer to Seller. Acceptance is strictly limited to its terms. Buyer shall not be bound by and specifically objects to any term or condition whatsoever that is different from or in addition to the provisions of this Agreement, whether or not such term or condition will materially alter this Agreement. Seller's commencement of performance or acceptance of this Agreement in any manner shall conclusively evidence agreement to this Agreement as written. The supplier agrees and understands that acceptance of this order does not create a privity of contract with the federal government, and that at no time (unless specifically and explicitly provided in the terms) may the supplier contact or communicate directly in any way with the LSI Government Customer. Violation of this term will be considered a material breach of this agreement and may result in action by LSI up to and including termination for default without the option of cure.
3. **SHIPPING TERMS:** Unless otherwise specified in the Agreement, all prices are FOB Destination. If Buyer is to be responsible for transportation costs or charges, all Items shall be shipped on a "freight collect" basis using Buyer provided shipping account number. Such costs or charges shall not be billed to Buyer or included on Seller's invoice (even if prepaid by Seller) unless otherwise specified or agreed to by Buyer in writing. Seller must follow Buyer's instruction as specified in each individual order. Each case or parcel shall be accompanied by a packing list of contents and must show Buyer's Agreement or Order number, line item number, description and quantity of Goods shipped, part number or size, if applicable, and appropriate evidence of inspections. A shipment containing hazardous and non-hazardous materials must have separate packing sheets for the hazardous and non-hazardous materials. The shipping documents will describe the material according to the applicable classification. If no packing list accompanies the shipment, Buyer's count will be conclusive on Seller. Items furnished in quantities other than that specified by Buyer on the Agreement are subject to Buyer's rejection and return at Seller's expense. Late deliveries are subject to Buyer's rejection and return for credit at Seller's expense.
4. **PACKAGING AND EXTRAS:** No charges will be allowed for transportation, packaging, packing, or returnable containers unless stated in this Agreement. Damage to any articles resulting from improper packaging will be charged to Seller. Material shall be suitable packed to secure lowest transportation costs and to conform to the requirements of common carriers and any applicable specifications.
5. **SPECIFICATIONS:** All articles ordered to specifications shall comply with such specifications current as of the date of this Agreement unless otherwise specified by Buyer. Supplier shall flow down applicable product specifications, descriptions and requirements to sub-tier suppliers including key characteristics as required.
6. **CHANGES:**
 - a) Buyer may at any time, by written notice, make changes in the specifications, designs or drawings, samples or other description to which the articles are to conform, in methods of shipment and packaging, or place of delivery. If such change causes an increase or decrease in the cost of, or the time required for, the performance of any part of the work under this Agreement, an equitable adjustment shall be made in the price or delivery schedule, or both, and this Agreement modified accordingly. Any claim for an equitable adjustment must be made *within thirty (30) days* of the receipt of such notice. The equitable adjustment shall be made based on negotiations between Buyer and Seller. Nothing in this clause shall excuse the Seller from proceeding without delay to perform this Order as changed. Seller shall make no substitutions or changes to the form, fit, or function of the articles furnished to Buyer by Seller hereunder without prior written notice and approval in writing from Buyer.
 - b) The review or approval by Buyer of any work hereunder or of any designs, drawings, specifications or other documents prepared hereunder shall not relieve Seller of any of its obligations under this Agreement, nor excuse or constitute a waiver of any defects or nonconformity in any articles furnished under this Agreement, nor change, modify or otherwise affect any of the provisions of this Agreement, including, but not limited to, the prices and delivery schedules contained herein.

- c) **Change in Seller's Manufacturing Location** - In the event that Seller intends to close or change the manufacturing location of any items delivered under this Agreement, Seller shall, at a minimum, give Buyer *six (6) months* advance notice in writing of its intent to close or change the current manufacturing location. Upon receipt of written notification by Buyer from Seller, Buyer may request at its option, and Seller shall provide, adequate assurances, including a comprehensive plan, detailing how Seller intends to meet its performance obligations and delivery of conforming product as required under this Agreement.
